

Alpha Angelicum Academy has been granted the permit to offer the following strands and tracks:

*Aside from what is prescribed by the Department of Education.*

**Science, Technology, Engineering, Mathematics(STEM)**

*AAA's STEM Program will include Robotics and courses in Allied Health Sciences. AAA's strong Math and Science program in K-10 will serve as the foundation for the SHS STEM program.*

**Accountancy Business Management(ABM)**

*Marketing and Computer Based Accounting System will be added ABM subjects to make the students more globally competitive.*

**General Academics(GAS)**

*GAS in AAA will include the study of foreign languages.*

**Art Production**

*AAA's Art Production course will include not only the production of the art material, but the staging of show and exhibits as well.*

We are  
**K-12**  
Ready!
